INDEPENDENT AUDITOR'S REPORT

Board of Directors
Youth Homes
Missoula, Montana

We have audited the accompanying statements of financial position of Youth Homes (a non-profit organization) (the Agency) as of June 30, 2010 and 2009, and the related statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2010 and 2009, and the results of its operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

YOUTH HOMES
NOTES TO FINANCIAL STATEMENTS
June 30, 2010 and 2009

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization. Youth Homes is a Montana private, non-profit corporation certified as a charitable organization. The Agency's corporate office is located in Missoula, Montana at 550 North California Street. Founded in 1971, Youth Homes provides three core and other services to care for and treat children and youth (ages 3 to 17) who are struggling with abuse, neglect, chaos, emotional challenges, substance abuse, family conflict, poor choices and legal problems. The Agency offers emergency shelter, longer term group and group treatment homes and family care, from foster to adoptive services and birth family support services. As a licensed child placing and adoptive agency, Youth Homes recruits, screens, trains and places children into special foster homes. In addition, the Agency provides correctional placements in individual Guide Homes and offers a Learning Lab and a Wilderness Treatment Program. Most all services are provided solely to Montana children but a few out-of-state placements are allowed in our wilderness program. Priority is given to serving children closest to their homes. We operate a shelter and 4 group homes in Missoula and single shelters in each of Hamilton and Kalispell. Our family services and family support services operate out of Missoula, Polson and Helena but serve children and youth throughout western Montana. Our efforts are always targeted at eventual family and permanent placement and a future for the children we serve beyond our treatment and care and into their adulthood.

Basis of Accounting. The Agency's financial statements have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Categories of Net Assets.

- *Unrestricted net assets* generally have no donor-imposed restriction. This category includes those revenues and expenses associated with providing adolescent care services.
- *Temporarily restricted net assets* include gifts for which donor-imposed restrictions have not been met and funds for which the ultimate purpose of the proceeds is not permanently restricted.
- *Permanently restricted net assets* result from contributions and other inflows of assets whose use by the Agency is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Agency.

Cash and Cash Equivalents.

Cash and cash equivalents include cash in banks and on hand, and highly liquid debt instruments that are readily convertible to known amounts of cash. Such debt instruments have maturities of three months or less from the date of purchase.

Investments. Investments consist of debt instruments with original maturities to the Agency in excess of three months and equity securities. The Agency has adopted ASC No. 958-320, *Accounting for Certain Investments Held by Not-for-Profit Organizations*. ASC No. 958-320 requires that investments in equity securities with readily determinable fair values and all investments in debt securities shall be measured at fair value with realized and unrealized gains and losses on investments reported in the Statement of Activity.

Split Interest Agreements. Some donors enter into trust or other arrangements under which the Agency has a beneficial interest. The Agency will retain a remainder interest in the donated investments and will pay annuity payments to donors at future dates. For irrevocable agreements whereupon the Agency has control of the assets, assets are recorded at their estimated fair market value upon notification of the beneficial interest, provided that reliable information is available. A liability for payments to beneficiaries is estimated at the present value of the expected payments to beneficiaries and is presented as “Split-interest agreement liability” on the statement of financial position. Present value estimates use a discount rate of 5.4% and standard actuarial tables for remaining lives of donors and beneficiaries.

Inventories. The Agency does not record inventories in its financial records. Such items consist of office and operating supplies which are expensed when purchased. The amount of inventories on hand as of June 30, 2010 and 2009 are not considered material to these financial statements.

Contributed Support. The Agency recognizes all unconditional gifts and promises to give in the period notified. Contributed support is reported as unrestricted or temporarily restricted depending upon the existence of donor stipulations. Temporarily restricted contributions whose restrictions have been fulfilled in the same year as the contributions are reported as unrestricted.

Revenue Recognition. Contracts, grants, and other revenues are recognized when earned. As required by ASC No. 958-605-25, contributed service revenues result when donated services create or enhance non-financial assets or when they require specialized skills provided by people possessing those skills that would typically be purchased if not provided by donation. Contributed goods are valued at their estimated fair value at the date of contribution.

Fixed Assets. The Agency capitalizes equipment with a purchase price of at least \$5,000 and an expected life of at least 5 years. Property and equipment are carried at cost. Donated assets are valued at their estimated fair value at the date of contribution. Straight-line depreciation is used to depreciate assets over estimated lives of 5 to 27½ years.

Program Activities and Expense Classification.

- Program Support is the expenses associated with providing shelter, staff support, therapies, and activities and opportunities to the residents. Each home is designed to meet individual needs and treatment specific to the youngsters for whom the program is designed. The Agency's homes and services include:
 - *Susan Talbot Boys and Girls Home.* A six-bed residential intensive therapeutic group home designed to provide support, treatment, and supervision for severely emotionally disturbed youngsters ages twelve to eighteen with legal, emotional and family issues. The Talbot Boys and Girls Home was opened to serve youth in 1985 and moved to a more therapeutic and clinical approach in 1992.

- *Dan Fox Family Care Program* provides and supports therapeutic private family settings for the care of emotionally disturbed children, ranging in age from birth to eighteen. Settings can be in foster care, kinship care, guardianship, adoptive homes or the child's birth family. Families are recruited, screened and trained by the Agency, which holds a child-placing and adoption placement licenses from the State of Montana.

Within the Dan Fox Family Care Program, the Agency operates a distinct *Guide Homes Program*, placing youngsters who have successfully completed institutional stays in the state's two "youth correctional facilities" at Miles City (Pine Hills Boys School) and Boulder (Riverside Girls School) into families provided through recruiting, screening and training. These individuals and couples are supported from three sites (Missoula, Helena and Kalispell) in Western Montana. Youth Homes sub-contracts with Youth Dynamics to provide similar services in sites east of the continental divide with families there supported by offices in Butte, Bozeman, Great Falls and Billings.

As the Program has progressed we have developed an array of services and approaches but that all is focused on supporting children to best develop when appropriately to be in a family setting.

This program continues to provide casework and placement under contract with the Casey Family Program (CFP). On June 1, 2004, the Agency entered into a contract with the CFP, whereby Youth Homes would assume case management and support for the CFP caseload of over 100 children effective September 1, 2004 and continuing until the very youngest of these children reached age 18 or graduated from high school, whichever came later. This carries the contract forward to approximately the year 2018. In the contract the Agency assumes a caseload comprised of long-term foster care, subsidized and unsubsidized guardianship and adoption, transition and post-secondary education cases. This contract is both an opportunity and a challenge, bringing with it great responsibility for a large number of cases but also representing adequate compensation for Youth Homes and a connection to a major children's charity (The Marguerite Casey Foundation) in the United States as well as all of CFP's accumulated wisdom and practices since their inception in the 1970s. Casey is a private foundation that supports permanency in sites throughout the western United States. Over the years this caseload will reduce with no allowed intake to replace those clients who age out of the program.

- *Shirley Miller Attention Home* provides short-term shelter, respite, crisis care, and assessment to adolescents, ages from twelve to eighteen. The Shirley Miller Attention Home is in Missoula and started in 1976, and houses up to eight adolescents who are in need of help with emotional, family, or legal problems.
- *Flathead Youth Home* and the *Bitterroot Youth Home* are dual licensed programs that provide shelter and longer term group care for local youth. These programs combine the qualities of short term sheltering and longer term group care in one program that offers immediate and extended care and services. The Flathead Youth Home was opened in 1997 to serve youth in the Kalispell area and can also house up to eight youngsters. The Bitterroot Youth Home opened in 2002 and serves up to eight young people in similar need in Ravalli County. Today we are trying to develop a more comprehensive program and structure to address the varied issues (legal issues, protection, emotional challenges, etc.) and stays now ranging from as short as a day to as long as six months and more.

- *Tom Roy Youth Guidance Home* provides longer-term care and transition toward emancipation and independent living for up to eight youngsters, ages fifteen to eighteen. Often these youngsters have a history of legal, emotional, social, academic, substance abuse, or family problems. The Tom Roy Youth Guidance Home was opened in 1971. The Program also offers an apartment living program whereby we provide short term start up funding and staff support. Our Agency staff is funded for official involvement in placements into apartments range from 1 to 6 months.
- *Talbot Home for Girls* and the *Talbot Boys and Girls Home* provide intensive treatment for up to five severely emotionally disturbed adolescent females and six (coeducational) youths, ages twelve to eighteen, with relationship, trust, sexual and oppositional issues. Treatment goals include improving behavior, the ability to accept care, a level of lesser care and supervision after treatment, and the eventual placement of the youths back into family, a substitute family, or emancipation. The original Talbot Center was started in 1985 and the two homes have recently evolved into more targeted and clinically proven treatment over the years.
- *Dennis Radtke Home for Boys* provides intensive treatment of up to four severely emotionally disturbed adolescent males, ages thirteen to eighteen, with behavior and conduct-related issues. Treatment goals, as with the Talbot Homes, include improving behavior, assisting movement to and successful in lesser structure involved in care and supervision, and the eventual placement of the youths back into family, substitute family, or emancipation. The Home and program was initiated in 1997.
- *InnerRoads Wilderness Program* is a therapeutic wilderness program for at-risk youngsters, ages 13 - 17, in small groups. The Treatment comprises and focuses on wilderness, family and community with each component integrated to allow the youth to return home or to an originating placement successfully. The program includes 28 days of wilderness travel, individual, group and family therapies, a two week home-site in preparation for returning home, service learning, in-home follow-up and mentoring for 6 - 9 months after the formal program. This past year IRWP served four to six youngsters in each of three expeditions, in spring, summer and fall.
- *Missoula Learning Lab* provides an alternative learning environment for students currently unable to attend public school. The ten-student facility helps students prepare for other academic settings and daily academic and learning experience and opportunity. The lab is taught by a licensed teacher and assisted, when numbers are above 6, a classroom aid from among our relief workers from the home.
- *Fundraising* provides for the salaries and fringe benefits of a staff position and low-cost supplies and services for special events and activities designed to create public awareness and support for youth programs in the area.
- *Administration* consists of funds used for administering the Agency, staff development and training, and general management costs of the Agency such as printing and supplies.

Joint costs are allocated directly to individual programs using a base most appropriate to the particular cost being prorated.

Income Taxes. Youth Homes is a nonprofit organization and is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Agency applies generally accepted accounting principles for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Agency has determined that it is subject to examination of our income tax filings in the United States and state jurisdictions for the 2006 through 2009 tax years. In the event that the Agency is assessed penalties and or interest, penalties will be charged to miscellaneous expense and interest will be charged to interest expense.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management make estimates and assumptions that affect the reported assets, liabilities, revenues, and expenditures during the reporting period. Actual results could differ from those estimates.

Advertising. Advertising costs are expensed when incurred and for 2010 and 2009 were \$2,827 and \$5,584, respectively.

Reclassifications. Certain amounts in the prior periods have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported net income.

NOTE B FAIR VALUE MEASUREMENTS

ASC No. 820-10-35 requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC No. 820-10-35 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

NOTE B FAIR VALUE MEASUREMENTS, continued

ASC No. 820-10-35 prioritizes the inputs into three levels that may be used to measure fair value:

- Level 1: Applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.
- Level 2: Applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.
- Level 3: Applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

Our financial instruments consist principally of cash, accounts receivable, investments, endowment, accounts payable and accrued liabilities, and debt. We believe that the recorded values of our financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

NOTE C CASH AND CASH EQUIVALENTS

The Agency participates in a Sweep Repurchase Agreement through a reputable financial institution. Daily, the financial institution sells to the Agency an undivided fractional interest in the principal amount of securities or financial instruments. Market risks associated with this agreement are similar to market risks associated with the security purchased. The securities have a current market value equal to or greater than the principal amount of the transaction. The funds invested in the Sweep Agreement are not considered deposits and are not insured by the Federal Deposit Insurance Corporation; however, the funds are collateralized by the securities purchased with those funds. No amounts are considered at risk as of June 30, 2010 and 2009. Although management has expressed no intention to do so, the Agency may terminate the agreement at any time.

All funds invested in the Sweep Agreement are included in cash and cash equivalents due to the short-term nature of the investment. The funds invested in the Agreement are considered to be immediately available funds from the financial institution.

NOTE D INVESTMENTS AND ENDOWMENT

The Agency's internal investment policy requires diversification between equity holdings, fixed income securities, and cash and cash equivalents. The purpose of the investments is to increase the stability of funding for the Agency and its services through the use of investment income to cover 10% to 15% of operating costs, program development, special projects, and serves as an emergency reserve fund.

The Agency's investments consisted of the following as of June 30:

	2010		2009	
	<u>Cost</u>	<u>Market</u>	<u>Cost</u>	<u>Market</u>
Cash and Money Funds	\$ -	\$ -	\$ 4,891	\$ 4,891

Less Endowment		<u>155,561</u>		<u>133,421</u>
Current Investments		<u>\$ 785,863</u>		<u>\$ 694,320</u>

Of the amounts above, the Agency has an established permanent, irrevocable endowment fund in the amount of \$155,561 and \$133,421 for 2010 and 2009, respectively. The principal of restricted funds, \$122,927 and \$122,927, cannot be spent for any reason, with income earned being available for the charitable purposes of the Agency.

NOTE D INVESTMENTS AND ENDOWMENT, continued

Youth Homes' endowment consists of funds established for the support of the Agency. As required by GAAP, net assets associated with the endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Agency management has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Youth Homes classifies as permanently restricted net assets (a) the original value of gifts to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purposes of the organization and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the organization, and (7) the investment policies of the organization.

NOTE E RECEIVABLES

Accounts receivable represent amounts owed to the Agency from foster and Medicaid service contracts. Accounts receivable are predominantly for shelter contracts with the Montana State Department of Family Services and reimbursable services through Medicaid, managed care, and other third-party insurance providers.

The Agency aggressively pursues payment for the first 180 days and claims are re-billed if the reason for denial can be disputed. Currently, the Agency allows for 2% of receivables 0-30 days, 10% of 31-60 days, 20% of 61-90 days, 30% of 91-360 days, and 50% of receivables greater than 360 days. The provision for bad debts on these accounts was \$34,102 and \$46,332 as of June 30, 2010 and 2009, respectively.

NOTE F FUNDS HELD IN TRUST

The Agency serves as a conduit for receipt of funds for an unrelated agency, Backpacks for Kids. The amount of funds held by the Agency that will be remitted to appropriate agencies is \$11,216 and \$10,462 as of June 30, 2010 and 2009, respectively.

The Agency also leases two office spaces in Missoula, Montana. The leases are at a base rate of \$873 and \$2,245 per month plus the annually determined, prorata share of taxes, utilities, and maintenance fees, currently at \$1,353 per month. The lease terms are for 7 years expiring in 2011. The lease rate may be re-determined each year corresponding to the change in the Consumer Price Index. Improvements to the leased facility were financed by the owner of the building for an additional payment of \$133 per month.

NOTE L RELATED PARTIES
