INDEPENDENT AUDITOR'S REPORT

Board of Directors
Youth Homes
Missoula, Montana

We have audited the accompanying statements of financial position of Youth Homes (a non-profit organization) (the Agency) as of June 30, 2011 and 2010, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2011 and 2010, and the results of its operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

YOUTH HOMES
NOTES TO FINANCIAL STATEMENTS
June 30, 2011 and 2010

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization. Youth Homes is a Montana private, non-profit corporation certified as a charitable organization. The Agency's corporate office is located in Missoula, Montana at 550 North California Street. Founded in 1971, Youth Homes provides three core and other services to care for and treat children and youth (ages 3 to 17) who are struggling with abuse, neglect, chaos, emotional challenges, substance abuse, family conflict, poor choices and legal problems. The Agency offers emergency shelter, longer term group and group treatment homes and family care, from foster to adoptive services and birth family support services. As a licensed child placing and adoptive agency, Youth Homes recruits, screens, trains and places children into special foster homes. In addition, the Agency provides correctional placements in individual Guide Homes and offers a Learning Lab and a Wilderness Treatment Program. Most all services are provided solely to Montana children but a few out-of-state placements are allowed in our wilderness program. Priority is given to serving children closest to their homes. We operate a shelter and 4 group homes in Missoula and single shelters in each of Hamilton and Kalispell. Our family services and family support services operate out of Missoula, Polson and Helena but serve children and youth throughout western Montana. Our efforts are always targeted at eventual family and permanent placement and a future for the children we serve beyond our treatment and care and into their adulthood.

Basis of Accounting. The Agency's financial statements have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Categories of Net Assets.

- *Unrestricted net assets* generally have no donor-imposed restriction. This category includes those revenues and expenses associated with providing adolescent care services.
- *Temporarily restricted net assets* include gifts for which donor-imposed restrictions have not been met and funds for which the ultimate purpose of the proceeds is not permanently restricted.
- *Permanently restricted net assets* result from contributions and other inflows of assets whose use by the Agency is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Agency.

Cash and Cash Equivalents. Cash and cash equivalents include cash in banks and on hand, and highly liquid debt instruments that are readily convertible to known amounts of cash. Such debt instruments have maturities of three months or less from the date of purchase.

Investments. Investments consist of debt instruments with original maturities to the Agency in excess of three months and equity securities. The Agency has adopted ASC No. 958-320, *Accounting for Certain Investments Held by Not-for-Profit Organizations*. ASC No. 958-320 requires that investments in equity securities with readily determinable fair values and all investments in debt securities shall be measured at fair value with realized and unrealized gains and losses on investments reported in the Statement of Activity.

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Split Interest Agreements. Some donors enter into trust or other arrangements under which the Agency has a beneficial interest. The Agency will retain a remainder interest in the donated investments and will pay annuity payments to donors at future dates. For irrevocable agreements whereupon the Agency has control of the assets, assets are recorded at their estimated fair market value upon notification of the beneficial interest, provided that reliable information is available. A liability for payments to beneficiaries is estimated at the present value of the expected payments to beneficiaries and is presented as "Split-interest agreement liability" on the statement of financial position. Present value estimates use a discount rate of 5.4% and standard actuarial tables for remaining lives of donors and beneficiaries.

Inventories. The Agency does not record inventories in its financial records. Such items consist of office and operating supplies which are expensed when purchased. The amount of inventories on hand as of June 30, 2011 and 2010 are not considered material to these financial statements.

Contributed Support. The Agency recognizes all unconditional gifts and promises to give in the period notified. Contributed support is reported as unrestricted or temporarily restricted depending upon the existence of donor stipulations. Temporarily restricted contributions whose restrictions have been fulfilled in the same year as the contributions are reported as unrestricted.

Revenue Recognition. Contracts, grants, and other revenues are recognized when earned. As required by ASC No. 958-605-25, contributed service revenues result when donated services create or enhance non-financial assets or when they require specialized skills provided by people possessing those skills that would typically be purchased if not provided by donation. Contributed goods are valued at their estimated fair value at the date of contribution.

Fixed Assets. The Agency capitalizes equipment with a purchase price of at least \$5,000 and an expected life of at least 5 years. Property and equipment are carried at cost. Donated assets are valued at their estimated fair value at the date of contribution. Straight-line depreciation is used to depreciate assets over estimated lives of 5 to 27½ years.

Program Activities and Expense Classification.

- *Program Support* is the expenses associated with providing shelter, staff support, therapies, and activities and opportunities to the residents and clients of our various programs and services. Each home and service is designed to meet individual needs and treatment specific to the youngsters and families for whom the program is designed. The agency serves youth ages birth to 18 and in some cases beyond the age of 18. The Agency's homes and services include:
 - *Dan Fox Family Care Program* started with a therapeutic foster care program but, as the Program has progressed and grown, we have developed a broad array of services and approaches but that all are focused on supporting youth to best develop when appropriately to be in a family setting.

Today, the DFFCP provides and supports therapeutic family settings for the care of emotionally disturbed children, ranging in age from birth to eighteen. Services are provided to youth in foster care, kinship care, guardianship, adoptive homes or the child's birth family. Substitute families are recruited, screened and trained by the Agency, which holds a child-placing and adoption placement licenses from the State of Montana. Training is also available to kinship and birth families as well.

NOTES TO FINANCIAL STATEMENTS
June 30, 2011 and 2010

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Within the DFFCP, we operate a distinct *Guide Homes Program*, placing youngsters who have successfully completed institutional stays in the state's two "youth correctional facilities" at Miles City (Pine Hills Youth Care Facility) and Boulder (Riverside Youth Care Facility) into families provided through recruiting, screening and training. These individuals and couples are supported from three sites (Missoula, Helena and Kalispell) in Western Montana. Youth Homes sub-contracts with Youth Dynamics Incorporated to provide similar services in sites east of the continental divide with families there supported by offices in Butte, Bozeman, Great Falls and Billings. The Youth Home also, within this Guide Home Program, provides family support services similar to a Guide Home but when the youth returns to the birth family rather than a placement is needed.

This program continues to provide casework and placement under contract with the Casey Family Program (CFP). On June 1, 2004, the Agency entered into a contract with the CFP, whereby Youth Homes would assume case management and support for the CFP caseload of over 100 children effective September 1, 2004 and continuing until the very youngest of these children reached age 18 or graduated from high school, whichever came later. This carries the contract forward to approximately the year 2018. In the contract the Agency assumed a caseload comprised of long-term foster care, subsidized and unsubsidized guardianship and adoption, transition and post-secondary education cases. This contract is both an opportunity and a challenge, bringing with it great responsibility for a large number of cases but also representing adequate compensation for Youth Homes and a connection to a major children's charity (The Marguerite Casey Foundation) in the United States as well as all of CFP's accumulated wisdom and practices since their inception in the 1970s. Casey is a private foundation that supports permanency in sites throughout the western United States. Over the years this caseload will reduce with no allowed intake to replace those clients who age out of the program.

The Supported Independent Living Service (formerly Apartment Site Living) was transferred to DFFCP to assure ready access to support staff and because the DFFCP staff have applicable experience from the work with the Casey Family Program Transition cases. This service offers an apartment living program whereby we provide short term start up funding and staff support for older adolescents as they move toward emancipation. Our Agency and staff contract, mostly with Child and Family Services, for official involvement in placements into apartments ranging from 1 to 6 months.

In 2011 this program assumed the functions of Friends to Youth, previously a private non-profit in Missoula for thirty-five years. Two functions were absorbed. One is an outpatient psychotherapy clinic which is named Friends to Youth to carry on the legacy of the former non-profit. Counseling is provided to youth of all ages, to families with youth of all ages and to alums of the Youth Homes as well. The second service, contracted with Child and Family Services, provides family based services, using masters level therapists, to families involved in child welfare custody cases in the courts.

- *Shirley Miller Attention Home* provides short-term shelter, respite, crisis care, and assessment to youth, ages from ten to eighteen. The Shirley Miller Attention Home is in Missoula and started in 1976, and houses up to eight youth who are in need of help with emotional, family, or legal problems. It is a coeducational program.

YOUTH HOMES
NOTES TO FINANCIAL STATEMENTS

June 30, 2011 and 2010

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

- *Flathead Youth Home* and the *Bitterroot Youth Home* are dual-licensed programs that provide shelter and longer term group care for local youth. These programs combine the qualities of short term sheltering and longer term group care in one program that offers immediate and extended care and services. The Flathead Youth Home was opened in 1997 to serve youth in the Kalispell area and can also house up to eight youngsters. The Bitterroot Youth Home opened in 2002 and serves up to eight young people in similar need in Ravalli County. Today we provide a comprehensive program and structure to address the varied issues (legal issues, protection, emotional challenges, etc.) and stays now ranging from as short as a day to as long as six months and more. Both homes are coeducational.
- *Tom Roy Youth Guidance Home* provides longer-term care and transition for older adolescents, ages fifteen to eighteen, who are aging out with a permanent family. The Program targets preparation for emancipation and independent living with skill development, finishing high school, work experience and saving money for independence. Often these youngsters have a history of legal, emotional, social, academic, substance abuse, or family problems. The Tom Roy Youth Guidance Home was opened in 1971.

The TRYGH is the site for our North Avenue Youth Farm which, in cooperation with Garden City Harvest, provides meaningful work and volunteer opportunities for residents of Youth Homes and fresh vegetables for all of our local group homes.

- *Susan Talbot Home for Girls, Susan Talbot Boys and Girls Home and Dennis Radtke Home for Boys* all provide intensive treatment for up to five or six “severely emotionally disturbed” adolescents, ages twelve to eighteen, with behavior, relationship, trust, sexual, oppositional and conduct-related issues. Treatment goals include improving behavior, the ability to accept care, a level of lesser care and supervision after treatment, and the eventual placement of the youths back into family, a substitute family, or emancipation. The original Talbot Center was started in 1985 with a 2nd home in 1986 and the 3rd developed in 1995. The homes and program have evolved into more targeted and clinically proven treatment over the years.
- *InnerRoads Wilderness Program* is a therapeutic wilderness program for at-risk youngsters, ages 14 - 17, working with small groups on expedition type wilderness travel. The Treatment comprises and focuses on wilderness, family and community with each component integrated to allow the youth to return home or to an originating placement successfully. The program includes 28 days of wilderness travel, individual, group and family therapies, a 14 day home-site in preparation for returning home, service learning, in-home follow-up and mentoring for 6 - 9 months after the formal program. This past year IRWP served four to six youngsters in each of three expeditions, in spring, summer and fall.

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Cost Allocation. The Agency allocates costs that can be identified specifically with a particular final cost objective, directly to the individual program, benefiting from those costs. Joint costs are allocated directly to individual programs using a base most appropriate to the particular cost being prorated.

Income Taxes. Youth Homes is a nonprofit organization and is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Agency applies generally accepted accounting principles for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Agency has determined that it is subject to examination of our income tax filings in the United States and state jurisdictions for the 2008 through 2011 tax years. In the event that the Agency is assessed penalties and or interest, penalties will be charged to miscellaneous expense and interest will be charged to interest expense.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management make estimates and assumptions that affect the reported assets, liabilities, revenues, and expenditures during the reporting period. Actual results could differ from those estimates.

Advertising. Advertising costs are expensed when incurred and for 2011 and 2010 were \$5,522 and \$2,827, respectively.

Reclassifications. Certain amounts in the prior periods have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported changes in net assets.

NOTE B FAIR VALUE MEASUREMENTS

ASC No. 820-10-35 requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC No. 820-10-35 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

ASC No. 820-10-35 prioritizes the inputs into three levels that may be used to measure fair value:

- Level 1: Applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.
- Level 2: Applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.
- Level 3: Applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C CASH AND CASH EQUIVALENTS

The Agency participates in a Sweep Repurchase Agreement through a reputable financial institution. Daily, the financial institution sells to the Agency an undivided fractional interest in the principal amount of securities or financial instruments. Market risks associated with this agreement are similar to market risks associated with the security purchased. The securities have a current market value equal to or greater than the principal amount of the transaction. The funds invested in the Sweep Agreement are not considered deposits and are not insured by the Federal Deposit Insurance Corporation; however, the funds are collateralized by the securities purchased with those funds. No amounts are considered at risk as of June 30, 2011 and 2010. Although management has expressed no intention to do so, the Agency may terminate the agreement at any time.

All funds invested in the Sweep Agreement are included in cash and cash equivalents due to the short-term nature of the investment. The funds invested in the Agreement are considered to be immediately available funds from the financial institution.

NOTE D INVESTMENTS AND ENDOWMENT

The Agency's internal investment policy requires diversification between equity holdings, fixed income securities, and cash and cash equivalents. The purpose of the investments is to increase the stability of funding for the Agency and its services through the use of investment income to cover 10% to 15% of operating costs, program development, special projects, and serves as an emergency reserve fund.

The Agency's investments consisted of the following as of June 30:

	<u>2011</u>		<u>2010</u>	
	<u>Cost</u>	<u>Market</u>	<u>Cost</u>	<u>Market</u>
Investments	<u>\$ 1,122,697</u>	<u>\$ 1,211,481</u>	\$ 756,450	\$ 941,424
Total investments	<u>\$ 1,122,697</u>	<u>1,211,481</u>	\$ 756,450	941,424
Less Endowment		<u>183,747</u>		<u>155,561</u>
Current Investments		<u>\$ 1,027,734</u>		\$ 785,863

Of the amounts above, the Agency has an established permanent, irrevocable endowment fund in the amount of \$183,747 and \$155,561 for 2011 and 2010, respectively. The principal of restricted funds, \$122,927 and \$122,927, cannot be spent for any reason, with income earned being available for the charitable purposes of the Agency.

Youth Homes' endowment consists of funds established for the support of the Agency. As required by GAAP, net assets associated with the endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Agency management has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Youth Homes classifies as permanently restricted net assets (a) the original value of gifts to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purposes of the organization and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the organization, and (7) the investment policies of the organization.
