Report on the Financial Statements

We have audited the accompanying financial statements of Youth Homes (the "Agency"), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Youth Homes as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States.

Note 1: Summary of Significant Accounting Policies

Organization

Youth Homes (the "Agency") is a Montana private, non-profit corporation certified as a charitable organization. The Agency's corporate office is located in Missoula, Montana at 550 North California Street. Founded in 1971, Youth Homes provides three core and other services to care for and treat children and youth (ages 0 to 18) who are struggling with abuse, neglect, chaos, emotional challenges, substance abuse, family conflict, poor choices and legal problems. The Agency offers emergency shelters, therapeutic group homes, transitional living program, family care program including foster care, adoptive services and child and family counseling. As a licensed child placing and adoptive agency, Youth Homes recruits, screens, trains and places children into special foster homes. In addition, the Agency provides correctional placements in individual Guide Homes. Services are provided solely to Montana children. Priority is given to serving children closest to their homes. The Agency operates a shelter and four group homes in Missoula and dual licensed shelters in Hamilton and Kalispell. In Helena, the Agency operates a shelter and therapeutic group home. Our family services and family support services operate out of Missoula, Polson and Helena but serve children and youth throughout Western Montana. Youth Homes' efforts are always targeted at eventual family and permanent placement and a future for the children we serve beyond treatment and care and into their adulthood.

Basis of Accounting

The financial statements of the Agency have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States.

Cash and Cash Equivalents

Cash and cash equivalents include cash in banks and on hand, and highly liquid debt instruments that are readily convertible to known amounts of cash. Such debt instruments have maturities of three months or less from the date of purchase.

Investments

Investments consist of debt instruments with original maturities to the Agency in excess of three months and equity securities. The Agency has adopted ASC No. 958-320, Accounting for Certain Investments Held by Not-for-Profit Organizations. ASC No. 958-320 requires that investments in equity securities with readily determinable fair values and all investments in debt securities shall be measured at fair value with realized and unrealized gains and losses on investments reported in the Statement of Activity.

Per ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*, investment income is reported net of investment fees and expenses.

Youth Homes

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Inventories

The Agency does not record inventories in its financial records. Such items consist of office and operating supplies which are expensed when purchased. The amount of inventories on hand as of June 30, 2019 and 2018 are not considered material to these financial statements.

Contribution Supports

The Agency recognizes all unconditional gifts and promises to give in the period notified. Contributions are considered available for use without donor restrictions unless specifically restricted by the donor. Contributions received are recorded as net assets with donor restrictions when given a restriction for purpose and nature.

Contributions that are restricted by the donor are reported as increases in net assets with donor restrictions which are reclassified to net assets without donor restrictions at the point when a stipulated time restriction ends, or a purpose restriction is accomplished unless restricted indefinitely.

Revenue Recognition

Contracts, grants, and other revenues are recognized when earned. As required by ASC No. 958-605-25, contributed service revenues result when donated services create or enhance non-financial assets or when they require specialized skills provided by people possessing those skills that would typically be purchased if not provided by donation. Contributed goods are valued at their estimated fair value at the date of contribution.

Property and Equipment

The Agency capitalizes equipment with a purchase price of at least \$5,000 and an expected life of at least 5 years. Property and equipment are carried at cost. Donated assets are valued at their estimated fair value at the date of contribution. Straight-line depreciation is used to depreciate assets over estimated lives of 5 to 27½ years.

Program Activities and Expense Classification

Program Support are the expenses associated with providing shelter, staff support, therapies, activities and opportunities to the residents and clients of our various programs and services. Each home and service is designed to meet individual needs and provide treatment specific to the youngsters and families for whom the program is designed. The Agency serves youth age's birth to 18 and in some cases beyond the age of 18. The Agency's homes and services include:

Dan Fox Family Care Program (DFFCP) started with a therapeutic foster care program in 1990 but, as the Program has progressed and grown, we have developed a broad array of services and approaches, all of which are focused on supporting the development of youth who are appropriate to a family setting.

Program Activities and Expense Classification (Continued)

Today, the DFFCP provides and supports family settings for the care of emotionally disturbed children, ranging in age from birth to eighteen. Services are provided to youth in foster care, kinship care, guardianship, adoptive homes or the child's birth family. DFFCP is also an adoption agency and works closely with the State in getting hard-to-place youth into adoption. DFFCP also provides home studies for families looking to adopt through other private and international adoption agencies. Families willing and able to foster and/or adopt children are recruited, screened and trained by the Agency, which holds a child-placing and adoption placement licenses from the State of Montana. Training is also available and offered to kinship and birth families as well.

Within the DFFCP, we operate a distinct Re-Entry Service, placing youngsters who have successfully completed institutional stays in the state's two "youth correctional facilities" at Miles City (Pine Hills Youth Care Facility) and Boulder (Riverside Youth Care Facility) into families provided through recruiting, screening and training of these mentoring families. These individuals and couples are supported from four sites (Missoula, Polson, Helena and Kalispell) in Western Montana. Youth Homes sub-contracts with Youth Dynamics Incorporated to provide these services in sites east of the continental divide with families there supported by offices in Butte, Bozeman, Great Falls and Billings. Youth Homes also, within this Reunification Service, provides family support services when the youth returns to the birth family rather than when a placement is needed.

In 2001 Youth Homes determined it was appropriate and needed to offer the same support to birth families that we had provided, for over a decade, to substitute families. Our Home Support Service provides Treatment Managers and In Home Therapists to families with "seriously emotionally disturbed youth" and services are often provided in the family home. Services include support, case planning, addressing and accessing needed services (from educational to medical), parent training, coaching and therapies. We provide this service through staff located in Missoula, Hamilton, Polson, Kalispell and Helena and range out of those locations as far as it is economically capable.

DFFCP contracts with the State Department of Public Health and Human Services to provide Transitional Living Support in all of Western Montana and the two surrounding counties. Staff work with youth, ages 15 ½ to 21, who are transitioning into adulthood without a permanent family. Work involves planning for emancipation, skill development and support. Work is done in coordination with the people who have the youth in care and those interested and committed to the youth into his or her future. DFFCP also offers Supported Independent Living Service (formerly Apartment Site Living) to youth who are aging out, mostly those who are wards of the State of Montana. This service offers an apartment living program whereby we provide short term startup funding and staff support for older adolescents as they move toward emancipation. Our staff makes significant contact weekly while working with the youth to secure housing, employment and continue school. Also, staff works with the youth to maintain or create a support system into their future. Our time frames in working with an emancipating youth range from as little as a month to as long as 6 months.

In 2011 DFFCP assumed the functions of Friends to Youth, previously a private non-profit in Missoula for thirty-five years. Of the two services absorbed in 2011, we have been able to sustain and grow an outpatient psychotherapy clinic, providing individual and family therapy to youth of all ages in need and their family members.

Shirley Miller Attention Home (located in Missoula) provides short-term shelter, respite, crisis care, positive youth development, case planning and functional assessments to youth, ages from ten to eighteen. The Shirley Miller Attention Home was started in 1976, and houses up to eight youth who are in need of help with emotional, family, or legal problems. It is a coeducational home and program.

The Youth Homes provides three dual-licensed programs that provide shelter and longer term group care for local youth. These programs combine the qualities of short term sheltering and longer term group care in one program that offers immediate and extended care and services.

The Flathead Youth Home (Kalispell) was opened in 1997 to serve youth in the Flathead communities of Montana and house up to eight youngsters.

Linda Massa Youth Home (Hamilton) opened in 2002 and also serves up to eight young people in similar needs of youth in Ravalli County. The Massa Home is more focused on longer term care to meet the unique and local needs of the communities of the Bitterroot.

In 2014, Youth Homes absorbed the long time Margaret Stuart Youth Home (Helena) which services Lewis & Clark County and the surrounding counties.

Today these "shelters" provide a comprehensive program and structure to address the varied issues (legal issues, protection, emotional challenges, etc.) and stays now ranging from as short as a day to as long as six to eight months and more. All three homes are coeducational. Staff provides 24-hour awake supervision and crisis care, long term placement, positive youth development, guidance, case planning, assessment and access to local resources as individual needs are determined.

Tom Roy Youth Guidance Home (TRYGH) provides longer-term care and transition for older adolescents, ages sixteen to eighteen, who are not in a position to emancipate from a family. The Home serves eight youth and is also a coeducational Home and Program. The Program targets preparation for emancipation and independent living with emphasis on finishing high school, skill development for emancipation, gaining work skills and experience, and saving money for independence. As with all of our group homes, we are committed to relationships with the youth in care that can give them the confidence and trust in others. Often these youngsters have a history of legal, emotional, social, academic, substance abuse, or family problems. The Tom Roy Youth Guidance Home was opened in 1971 and we targeted this critical need in 2002.

The TRYGH is the site for our Youth Farm. The Farm grows vegetables in collaboration with Garden City Harvest (GCH) and practices sustainable agriculture. A Farm Manager and Farm Assistant, provided by GCH, provides meaningful work and volunteer opportunities for residents of Youth Homes and fresh vegetables for all of our local group homes. Community shares are sold and provided to neighbors, friends and supporters of both agencies and those revenues support much of the costs of operating the Farm.

Program Activities and Expense Classification (Continued)

Youth Homes also provides four (4) "therapeutic group homes" which each meet the unique needs of seriously emotionally disturbed teens. All provide intensive treatment for up to six "severely emotionally disturbed" adolescents, ages twelve to eighteen, with behavior, relationship, trust, sexual, oppositional and conduct-related issues. Treatment goals include improving behavior, the ability to accept care, gaining a level of lesser care and supervision after treatment, and the eventual placement of the youths back into family, birth or substitute or emancipation. Added to the staff of any of our group homes are therapists who are located in and connected closely to the Home's Staff Team.

In Missoula we have the Susan Talbot Home for Girls, Susan Talbot Boys Home and Dennis Radtke Home for Boys. The original Talbot Center was started in 1985 with a 2nd home in 1986 and the 3rd developed in 1997. The homes and program have evolved into more targeted and clinically proven treatment over the years. The two boys' homes serve six boys and the girls' home serves six girls. In 2014 Youth Homes added the Jan Shaw Girls Home in Helena which serves six girls.

All four homes accept applications from throughout Montana with emphasis on placing youth closest to home.

Fundraising provides for the salaries and fringe benefits of a staff position and low-cost supplies and services for special events and activities designed to create public awareness and support for youth programs in the area.

Administration consists of funds used for administering the Agency, staff development and training, and general management costs of the Agency such as printing and supplies.

Income Taxes

Youth Homes is a nonprofit organization and is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code.

Cost Allocation

The Agency allocates costs that can be identified specifically with a particular final cost objective, directly to the individual program, benefiting from those costs. Joint costs are allocated directly to individual programs using a base most appropriate to the particular cost being allocated.

Advertising and Promotion

Advertising and promotion costs are charged to operations when incurred. Advertising and promotion expense was \$43,123 and \$40,917 for the years ended June 30, 2019 and 2018, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management make estimates and assumptions that affect the reported assets, liabilities, revenues, and expenditures during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain amounts in the prior periods have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported changes in net assets.

Change in Accounting Policy

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The organization implemented FASB ASU No. 2016-14 in the current year, applying the changes retrospectively. The new standards change the following aspects of the financial statements:

- The temporarily restricted and permanently restricted net asset classes have been combined into a single net asset class called net assets with donor restrictions.
- The unrestricted net asset class has been renamed net assets without donor restrictions.
- The financial statements include a disclosure about liquidity and availability of resources (Note 6). The Agency has elected under the standard's adoption guidance to omit the liquidity disclosures for the year ended June 30, 2018.

Accounting Standards Update

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This ASU, as amended, provides comprehensive guidance on the recognition of revenue from customers arising from the transfer of goods and services, guidance on accounting for certain contract costs, and new disclosures. The new standard supersedes current revenue recognition requirements in FASB Accounting Standards Codification (ASC) Topic 605, *Revenue Recognition*, and most industry-specific guidance. When adopted, the amendments in the ASU must be applied using one of two retrospective methods. ASU No. 2014-09 is effective for nonpublic entities for annual periods beginning after December 15, 2018. The Agency is currently evaluating the impact of the provisions of ASC 606.

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)*. This ASU provides guidance on the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous accounting standards and new disclosures on key information about leasing arrangements. The new standard supersedes current lease accounting requirements in FASB Accounting Standards Codification (ASC) Topic 840, *Leases*. When adopted, the amendments in the ASU must be applied using a modified retrospective approach. ASU No. 2016-02 is effective for nonpublic companies for annual periods beginning after December 15, 2019. The Agency is currently evaluating the impact of the provisions of ASC 842.

Note 1: Summary of Significant Accounting Policies (Continued)

Accounting Standards Update (Continued)

On June 21, 2018, the FASB Issued ASU 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The amendments in this update will assist entities in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) or as exchange (reciprocal) transactions and determining whether a transaction is conditional. The amendments in this update are effective for annual financial statements issued for fiscal years beginning after December 15, 2018, and for interim periods within fiscal years beginning after December 15, 2019, for transactions in which the entity serves as the resource recipient. Early application of the amendments in this update is permitted. The Agency is still evaluating the impact of the provisions of ASU Topic 958.

Note 2: Cash and Cash Equivalents

The Agency participates in a Sweep Repurchase Agreement through a reputable financial institution. Daily, the financial institution sells to the Agency an undivided fractional interest in the principal amount of securities or financial instruments. Market risks associated with this agreement are similar to market risks associated with the security purchased. The securities have a current market value equal to or greater than the principal amount of the transaction. The funds invested in the Sweep Agreement are not considered deposits and are not insured by the Federal Deposit Insurance Corporation; however, the funds are collateralized by the securities purchased with those funds. No amounts are considered at risk as of June 30, 2019 and 2018. Although management has expressed no intention to do so, the Agency may terminate the agreement at any time.

All funds invested in the Sweep Agreement are included in cash and cash equivalents due to the short-term nature of the investment. The funds invested in the Agreement are immediately available from the financial institution.

Note 3: Endowment Funds and Investments

The Agency's internal investment policy requires diversification between equity holdings, fixed income securities, and cash and cash equivalents. The purpose of the investments is to increase the stability of funding for the Agency and its services through the use of investment income to cover program development, special projects, and serves as an emergency reserve fund.

The Agency's investments consisted of the following as of June 30:

	2019	2018
Total investments at cost	\$ 1,844,585	\$ 1,831,444
Total investments at market	\$ 2,161,583	\$ 2,021,531
Less endowment investments at market	583,009	522,512
Current investments at market	\$ 1,578,574	\$ 1,499,019

Note 3: Endowment Funds and Investments (Continued)

Of the amounts above, the Agency has an established permanent, irrevocable endowment fund in the amount of \$583,009 and \$522,512 for 2019 and 2018, respectively. The principal of restricted funds, \$367,019 and \$336,844, is intended to remain whole in perpetuity, with income earned being available for the charitable purposes of the Agency.

Activity related to the endowment funds consisted of:

<i>As of June 30, 2019</i>	Without Donor Restrictions	With Donor Restrictions
Beginning balance	\$ 185,668	\$ 336,844
Investment income	14,345	-
Net appreciation	20,513	-
Contributions	-	30,175
Investment fees	(4,536)	-
Ending balance	\$ 215,990	\$ 367,019

<i>As of June 30, 2018</i>	Without Donor Restrictions	With Donor Restrictions
Beginning balance	\$ 147,334	\$ 316,844
Investment income	12,189	-
Net appreciation	30,654	-
Contributions	-	20,000
Investment fees	(4,509)	-
Ending balance	\$ 185,668	\$ 336,844

Youth Homes' endowment consists of funds established for the support of the Agency. As required by GAAP, net assets associated with the endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Agency management has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Youth Homes classifies as net assets with donor restrictions (a) the original value of gifts to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions is classified as net assets without donor restrictions.

Note 3: Endowment Funds and Investments (Continued)

In accordance with SPMIFA, the Agency considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purposes of the organization and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the organization, and (7) the investment policies of the organization.

Note 4: Fair Value Measurements

ASC No. 820-10-35 prioritizes the inputs into three levels that may be used to measure fair value:

- Level 1: Applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.
- Level 2: Applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.
- Level 3: Applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended June 30, 2019 and 2018.

- Equity and debt securities are valued at the closing price reported on the active market on which the individual securities are traded.
- Money market - Valued at the net asset value of shares held by the organization at year-end.
- CDs - Valued at cost plus accrued interest which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Agency believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Accounts Receivable

Accounts receivable represent amounts owed to the Agency from foster and Medicaid service contracts. Accounts receivable are predominantly for shelter contracts with the Montana State Department of Family Services and reimbursable services through Medicaid, managed care, and other third-party insurance providers.

The Agency aggressively pursues payment for the first 180 days and claims are re-billed if the reason for denial can be disputed. Youth Homes has implemented a system to ensure that billed amounts are collected immediately and all disputes are resolved immediately. The provision for bad debts on these accounts was \$3,200 and \$3,200 as of June 30, 2019 and 2018, respectively.

Note 6: Liquidity and Availability of Financial Resources

The Youth Homes has \$2,467,009 of financial assets available within one year of the statement of financial position date consisting of cash of \$495,901, current investments of \$1,578,574, accounts receivable of \$353,813, receivables from related parties of \$22,346, and prepaid expenses of \$16,375. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position date. The Youth Homes has a goal to maintain financial assets, which consist of cash and short-term investments, on hand to meet 30 days of normal operating expenses, which are, on average, approximately \$500,000. As more fully described in Note 10, the Youth Homes also has committed lines of credit in the amount of \$250,000, which it could draw upon in the event of an unanticipated liquidity needs.

Note 7: Employee Benefit Plan

Beginning July 1, 2017 the Agency started a 401(k) plan designed to match employee contributions. The current approved match is 2-1 (employer-employee) up to 3% of employee wages. For the years ended June 30, 2019 and 2018, the 401(k) plan expense was \$56,576 and \$59,794, respectively.

Note 8: Leases

The Agency classifies its leases as either operating or capital leases. Currently, all leases are operating leases. The Agency leases office space in Polson for \$250 per month on a month to month basis and in Helena for \$1,875 per month expiring October 2020.

The Agency leases three office spaces in Missoula, Montana. These spaces are currently being leased on a month to month basis at a base rate of \$5,695 per month which includes all common area maintenance.

The Agency also leases two facilities in Helena, Montana for \$5 and \$1 per year. One lease term is for 5 years with an automatic renewal in 2024 and the other term is for 20 years expiring June 2028.
