Independent Accountant's Review Report

Board of Directors
Partnership for Children
Missoula, MT

We have reviewed the accompanying financial statements of Partnership for Children, which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, cash flows and functional expenses for the years then ended and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagements in accordance with *Statements on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying 2021 and 2020 financial statements in order for them to be in accordance with accounting principles generally accepted in the United States.

Note 1: Summary of Significant Accounting Policies

Organization

Intermountain of Helena and Youth Homes (YH) established Rocky Mountain Partnership for Children in 1999. The name was changed to Partnership for Children (the "Partnership") in the fall of 2000. The Partnership provides services for Western Montana children who have experienced significant early childhood trauma, and/or are dealing with substance abuse.

The Partnership for Children's Rosemary Gallagher Children's Home and the Missoula Sunrise Children's Home work with children ages 4-14, attempting to heal their pain, improve their social functioning and prepare them to return home or successfully transition into a foster-adoptive family. The Family Care Program works with biological, kinship, foster and adoptive families in their homes to stabilize and support the relationship between the child and his or her caregivers.

Children who experience chronic neglect and significant abuse learn to distrust the care of adults and have difficulty regulating their emotions and ensuing behaviors. The Partnership works with these children by surrounding them with safe, predictable adult caregivers whom they can learn to trust, leading to the acceptance of healthy adult care and nurturing. Partnership also works with families in their homes, often helping to preserve or reunify families. If families are no longer able to care for their children, Partnership recruits, trains and supports foster/adoptive families. Other support services include outpatient therapy and case management. What has grown from the idea of merging Intermountain's clinical approach with the Youth Homes' knowledge of keeping children in the community is now a fully-matured organization effective in treating children and families, moving them from pain toward a path of healing and hope.

Each day the Partnership serves 12 children in two six-bed group homes and over 100 children and their families in the Therapeutic Family Care Program.

The Partnership has developed Project Welcome which provides services to parents of all genders who may be struggling with substance use and/or mood and anxiety disorders throughout pregnancy and the first years of their child's life. Additionally, the Partnership is now licensed to address substance use through a state approved chemical dependency license.

Project Welcome collaborates with both hospitals who are referring families for support (targeted case management, therapy for individuals, children and families, including addressing substance use), as well as the Missoula City County Health Department and many other agencies and organizations.

A memorandum of understanding (MOU) with the YWCA includes providing child and family therapy, substance use support, targeted case management, and parenting classes to those who live at the YWCA's Meadowlark facility, a family housing and domestic violence shelter.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The financial statements of the Partnership have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States.

Cash and Cash Equivalents

Cash and cash equivalents include cash in banks and on hand, and highly liquid debt instruments that are readily convertible to known amounts of cash. Such debt instruments have maturities of three months or less from the date of purchase.

The Partnership maintains cash balances at several financial institutions. At times, balances may be in excess of the FDIC insurance limit.

Accounts Receivable

Accounts receivable represent amounts owing to the Partnership from family and Medicaid service contracts and outpatient therapy visits. Accounts receivable are predominantly for shelter contracts with the Montana State Department of Family Services and reimbursable services through Medicaid.

The allowance for doubtful accounts is determined based upon annual review of account balances, including the age of the balance and the historical experience with the client. Uncollectible receivables are charged to the allowance.

Investments

The Partnership adopted Statement of Financial Accounting Standards (ASC-958-320), "Accounting for Certain Investments Held by Not-for-Profit Organizations." The provisions of this standard require that investments in equity securities with readily determinable fair values and all investments in debt securities be measured at fair value on the statements of financial position. The unrealized gain or loss on investments is reflected in the statements of activities.

Per ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*, investment income is reported net of investment fees and expenses.

Property and Equipment

The Partnership capitalizes all expenditures for land, buildings, and equipment with a cost in excess of \$5,000, except donated fixed assets, which are stated at fair market value at the date of donation. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets ranging from 5 to 27.5 years.

Partnership for Children

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Fee for Service

Fee for service revenue is reported at the amount that reflects the consideration to which the Partnership expects to be entitled in exchange for providing patient care. These amounts are due from patients or third-party payors. Generally, the Partnership bills the patients and third-party payors several days after the services are performed. Revenue is recognized as performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided. For revenue from services provided to patients of the Partnership, the performance obligation is satisfied as the patient simultaneously receives and consumes the benefits provided as the patient services are performed. In the case of these services, recognition of the obligation over time yields the same result as recognizing the obligation at a point in time. The Partnership believes this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

The Partnership determines the transaction price, which involves significant estimates and judgment, based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors. The Partnership determines its estimates of contractual adjustments based on contractual agreements and historical experience.

Contribution Revenue

Contributions, including promises to give, are considered conditional or unconditional, depending on the nature and existence of any donor or grantor conditions. A contribution or promise to give contains a donor or grantor condition when both of the following are present:

- An explicit identifying of a barrier, that is more than trivial, that must be overcome before the revenue can be earned and recognized.
- An implicit right of return of assets transferred or a right of release of a donor or grantor's obligation to transfer assets promised, if the condition is not met.

Conditional contributions are recognized when the barrier(s) to entitlement are overcome. Unconditional contributions are recognized as revenue when received.

Unconditional contributions or conditional contributions in which the conditions have been substantially met or explicitly waived by the donor are recorded as support with or without donor restrictions, depending on the existence and nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized.

Partnership for Children

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Grant Revenue

Grants are either recorded as contributions or exchange transactions based on criteria contained in the grant award.

Grant Awards That Are Contributions - Grants awards that are contributions are evaluated for conditions and recognized as revenue when conditions in the award are satisfied. Unconditional awards are recognized as revenue when the award is received. Amounts received in which conditions have not been met are reported as a refundable advance liability.

Grant Awards That Are Exchange Transactions - Exchange transactions are those in which the resource provider or grantor receives a commensurate value in exchange for goods or services transferred. Revenue is recognized when control of the promised goods or services is transferred to the customer (grantor) in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Amounts received in excess of recognized revenue are reflected as a contract liability.

Payroll Protection Program Loan

In 2020, Partnership for Children received a Payroll Protection Program (PPP) loan under the CARES ACT. The Partnership elected to account for the loan as a financial liability in accordance with FASB ASC 470. Proceeds from the loan were recorded as a liability until the loan was forgiven in full and the debtor 'legally released' on November 10, 2020. The liability was then reduced by the amount forgiven totaling \$251,822, and a gain on extinguishment was recorded.

Economic Injury Disaster Loan

In July 2020, the Partnership obtained a \$150,000 loan through the Economic Injury Disaster Loan program. The loan is payable over 30 years with a fixed interest rate of 2.75% with loan payments beginning July 2021. The Partnership paid the loan in full January 1, 2021.

Income Tax Status

The Partnership is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code; therefore, no provision is made for income taxes.

The Partnership applies generally accepted accounting principles for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Partnership has determined that it is subject to examination of its income tax filings in the United States and state jurisdictions for the open statutory periods. In the event that the Partnership is assessed penalties and or interest, penalties will be charged to miscellaneous expense and interest will be charged to interest expense.

Partnership for Children

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Advertising

Advertising costs are charged to operations when incurred. Advertising and promotion expense was \$8,033 and \$5,850 for the years ended June 30, 2021 and 2020, respectively.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Reclassification

Certain amounts as previously reported in the prior year financial statements have been reclassified to conform to the current-year presentation. Such reclassifications have no effect on reported amounts of net assets or change in net assets.

Accounting Standards Update

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, Leases (Topic 842). This ASU provides guidance on the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under current accounting standards and new disclosures on key information about leasing arrangements. The new standard supersedes current lease accounting requirements in FASB Accounting Standards Codification (ASC) Topic 840, Leases. When adopted, the amendments in the ASU must be applied using a modified retrospective approach. ASU No. 2016-02 is effective for nonpublic companies for annual periods beginning after December 15, 2021. The Partnership is currently evaluating the impact of the provisions of ASC 842.

On September 17, 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2020-07, Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. The Update is expected to increase transparency around contributed nonfinancial assets (also known as “gifts-in-kind”) received by not-for-profit (NFP) organizations, including transparency on how those assets are used and how they are valued. The amendments in this Update should be applied on a retrospective basis and are effective for annual periods beginning after June 15, 2021. The Agency is currently evaluating the impact of the provisions of ASC 958.

Notes to Financial Statements

Note 2: Fair Value Measurements

ASC No. 820-10-35 requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC No. 820-10-35 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC No. 820-10-35 prioritizes the inputs into three levels that may be used to measure fair value:

- Level 1: Applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.
- Level 2: Applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.
- Level 3: Applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended June 30, 2021 and 2020.

- Common stocks, corporate bonds, municipal bonds and U.S. government bonds - Valued at the closing price reported in the active market on which the individual securities are traded.
- Money market - Valued at the net asset value of shares held by the organization at year-end.
- CDs - Valued at cost plus accrued interest which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Partnership's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended June 30, 2021 and 2020, there were no significant transfers between levels 1 and 2 and no transfers in or out of Level 3.

Note 3: Investments

The Partnership's investments are comprised of equity and debt securities, all of which are classified as trading securities and are carried at their fair value based on the quoted market prices of the securities at June 30, 2021 and 2020. Net realized and unrealized gains and losses on trading securities are included in changes in net assets. For purposes of determining realized gains and losses, the cost of securities sold is based on specific identification.

The composition of trading securities, classified as current assets, is as follows at June 30:

None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position date. The Partnership has a goal to maintain financial assets, which consist of cash and short-term investments, on hand to meet 30 days of normal operating expenses, which are, on average, approximately \$150,000. The Partnership has board restricted current investments in the amount of \$750,000 that can be used at the discretion of the board. As more fully described in Note 7, the Partnership also has a line of credit in the amount of \$200,000, which it could draw upon in the event of an unanticipated liquidity need.

Note 10: Concentration of Credit Risk

The Partnership received 34% and 33% of its revenues from contracts with the State of Montana for the fiscal years ended June 30, 2021 and 2020, respectively. The Partnership received another 66% and 61% of its revenues from contracts with the State of Montana Medicaid Programs for the fiscal years ended June 30, 2021 and 2020, respectively. The lease rate is currently \$926 per month which includes all common area maintenance. The Partnership has started to see adverse impacts of the CV19 Crisis in the form of decreased placements in our family care programs, an increased cost in wages to support the youth during the school closures and a transition to telehealth therapy in the outpatient program. The future impact of the CV19 Crisis on the Partnership cannot be reasonably estimated at this time.
